Supplier contact	sales@sihaulichemicals.com
Website	www.sihaulichemicals.com
Mobile	09579137783

For product availability, grade details and commercial enquiries, contact our team.

PRODUCT & PROCUREMENT INFORMATION

A clear route to the right specification

SPECIFICATION STATUS

The supplied reference image confirms the marketed product name as **Propylparaben Sodium (PPS)**. It does not provide a verified specification sheet. To avoid publishing inaccurate technical information, the following details are intentionally left for confirmation from the current batch-specific Certificate of Analysis (CoA), Technical Data Sheet (TDS) and Safety Data Sheet (SDS):

Parameter	Status
CAS number / chemical identity	Confirm from current TDS / SDS
Assay / purity	Confirm from batch CoA
Appearance / physical form	Confirm from current specification
Solubility and pH	Confirm from current TDS
Packaging and shelf life	Confirm with supplier
Storage and handling	Follow current SDS and label

BEFORE ORDERING

Please share your required grade, intended application, target quantity and destination. Our team can then confirm availability and provide the applicable product documents for review. Do not rely on this marketing brochure as a substitute for a TDS, SDS, CoA, regulatory assessment or application-specific technical advice.
