ROSEMARY ESSENTIAL OIL

PRODUCT BROCHURE | SIHAULI CHEMICALS

PRODUCT OVERVIEW

Rosemary Essential Oil is an aromatic oil associated with rosemary (Rosmarinus officinalis). The supplied reference image shows a small glass bottle of pale golden liquid alongside rosemary foliage and flowers. The botanical source and product identity should be confirmed against the supplier's current specification and batch documentation.

Product name	Rosemary Essential Oil
Botanical name shown for reference	Rosmarinus officinalis (confirm botanical identity with supplier)
Product form shown	Liquid oil (visual description only)

Contact Sihauli Chemicals for availability, grade details and commercial enquiries.

PRODUCT INFORMATION

ROSEMARY ESSENTIAL OIL

APPLICATION & SUITABILITY

The supplied reference image does not state a specific application, composition, concentration or recommended use level. Essential-oil suitability depends on the exact grade, composition, intended product, exposure route and destination-market requirements. Any use in personal-care, hair-care or aromatherapy products should be assessed by a qualified formulator using the current supplier documentation.

Information to confirm	Recommended documentation / check
Botanical identity and plant part	Supplier specification and traceability documents
Extraction method and origin	Supplier declaration / product specification
Chemical profile / composition	Current GC-MS report, where available
Identity, purity and batch quality	Batch-specific Certificate of Analysis (CoA)
Safety and handling	Current Safety Data Sheet (SDS)
Storage, shelf life and packaging	Current Technical Data Sheet (TDS) and supplier label

QUALITY, SAFETY & REGULATORY CHECK

Do not infer therapeutic, medical, skin-safety or efficacy claims from the product name or reference photograph. Before commercial use, confirm the exact ingredient identity, intended use, applicable ingredient restrictions, labeling requirements and safe handling instructions from current supplier and regulatory documentation. This brochure is introductory marketing material and is not a substitute for a TDS, SDS, CoA or formulation assessment.
